# Wouldn't You Rather Be Envied Than Pitied?

No matter how much they pretend not to, away down in their hearts most people envy rich men, or, indeed. anybody who has more money than themselves, whereas they have contemptuous pity for those who possess less than they do.

This is an unconscious tribute that improvidence pays to frugality.

You can belong to the envied class if you have determination. The same opportunities are open to you that have made others rich, and they are more plentiful today than ever.

Save your money until you have some working capital. Deny yourself present pleasures for future gain. It is hard at first, but it is worth while.

## WEATHER.

Cloudy and Warmer Tonight; Probably Rain Thursday.

For the District of Columbia, Mary land and Virginia, cloudy and warmer tonight, probably followed by rain in south winds.

Low pressure continues over the western half of the country, and within it there are three storm centers, one over Minnesota, another over Wyoming and a third off the north Pacific coast. These disturbances have caused unsettled weather over much of the country with rains in the west gulf states, the Mississippi valley and the upper lake region and snows in the northwest. Temperatures have risen generally in the great central valleys and the eastern states, and they have fallen decidedly in the northwest. Temperatures are below zero in the western Canadian provinces.

are below zero in the western Canadian provinces.

The indications are that the weather will be unsettled tonight and Thursday in the states east of the Mississippi river with rains.

Temperature will rise tonight in the Atlantic states and it will fall tonight and Thursday in the upper lake region, and Thursday in the Ohio valley.

The winds along the New England and middle Atlantic coasts will be increasing south; on the south Atlantic coast moderate to brisk east and southeast; on the east gulf coast brisk cast and southeast.

The Safest Investments Are those that on not ductuate during dis-turbed conditions of the money or stock market. First deed of trust notes (first mortgages), well secured on real estate in the District of Columbia, constitute "glit edge" investments. They do not depend upon the diamonal responsibility of indi-viduals or exportations for their stability and are exempt from taxation as present property. We can supply such investments in amounts from \$500 upward. Soni for bookiet, "Concerning Loans and invest-ments."
